## Anodized Aluminum Sheet Coil

[Anodized aluminum sheet coil](#) has increased hardness and wear resistance, good heat resistance and enhanced corrosion resistance. Alumina sheets/coils are mainly used in rail transit, automobile vehicles, ship transportation, electronic appliances, construction and engineering molds and other fields.

The main products of aluminum for oxidation are 1xxx series, 3xxx series, 5xxx series and 6xxx series aluminum alloy plates and coils. Generally, the anodizing effect decreases in the following order: 1\*\*\* alloy > 5\*\*\* alloy > 6\*\*\* alloy > 3\*\*\* alloy > 2\*\*\* alloy > 7\*\*\* alloy.

Commonly used anodized aluminum sheets coils are: 1060 anodized aluminum plate sheet coil, 3003 anodized aluminum plate sheet coil, 5052 anodized aluminum plate sheet coil, etc. After the aluminum plate coil is anodized, there is an oxide layer with a thickness of 3-20 $\mu$ m. Flait Aluminum can customize anodized aluminum plates sheets coils with different alloys, temples, specifications, weights, and packages.

## Product Specification

Series	Alloy	Temper	Thickness(mm)	Width(mm)	Length(mm)
1***	1050,1060,1070,1100	O,H12,H22,H14,H24,H16,H26,H18,H32, H36,H38,H116,H112,H111,H321,T6,T651,etc.	0.2-3.0,or according to your requirements.	30-2650	As customer's requirements
3***	3003,3004,3005,3105				
5***	5005,5052,5083,5086,5251				
6***	6061,6063				
Anodized aluminum film		Indoor use 3-10µm; outdoor use 15-25µm; or as customer's request			
Surface		Mill, Bright, Polished, Hairline, Stucco, Embossed, Etching, etc.			
Protective film		Covered with PE film			

## HENAN FLAIT ALUMINUM CO., LTD.

*Flait Aluminum is committed to product R&D, production, sales and service.*

Email:sales@flait-aluminum.com

Whatsapp/Telegram: 86 13203837398

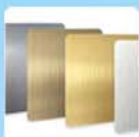

### Advantages

•Good processability

•Good weather resistance

•Strong metal feeling

•High fire resistance

•Strong stain resistance

•Strong applicability

## Application

Anodized aluminum sheets coils are widely used in mechanical parts, aircraft and auto parts, precision instruments and radio equipment, architectural decoration, machine shells, lighting fixtures, consumer electronics, handicrafts, household appliances, interior decoration, signs, furniture, automobile decoration and other industries.

*The above mentioned aluminum product is produced according to national standard specifications. Please contact us for a free quote!*
